US-CHINA NUCLEAR COOPERATION

-- WE ARE QUITE INTERESTED IN ENABLING THE U.S.
NUCLEAR INDUSTRY TO PARTICIPATE IN CHINA'S DEVELOPMENT OF
ITS PEACEFUL NUCLEAR POWER PROGRAM.

-- IN THE FIRST INSTANCE, OUR FIRMS WISH TO PURSUE
THEIR INTEREST IN THE GUANGDONG REACTOR PROJECT.

-- SUCH COOPERATION WILL REQUIRE DISCUSSIONS BETWEEN
OUR TWO GOVERNMENTS WITH A VIEW TO ESTABLISHING A
FRAMEWORK FOR THIS ASPECT OF OUR BILATERAL RELATIONS.

-- WE LOOK FORWARD TO EARLY INFORMAL DISCUSSIONS TO
CLARIFY OUR MUTUAL IDEAS AS TO THE SCOPE AND TERMS FOR
NUCLEAR COOPERATION BETWEEN US.

-- I UNDERSTAND THAT SUCH INFORMAL EXPLORATORY
DISCUSSIONS HAVE BEEN TENTATIVELY PLANNED FOR JULY IN
BEIJING. WE SEE THIS AS AN OPPORTUNITY FOR A FULL AND
EXPLICIT INTERCHANGE OF IDEAS ON THIS SUBJECT, AND HOPE
FOR A MOST POSITIVE AND PRODUCTIVE RESULT FROM THEM.
